RE: Final Approval
Western Clay Company
Redmond Limestone Quarry
ACT/041/004
Sevier County, Utah

Dear Mr. Robison:

Thank you for submitting your letter of April 26, 1983 in which Western Clay agreed to necessary conditions relative to the limestone quarry. This when combined with the additional \$5000.00 dollar bond posted with State Lands puts Western Clay in full compliance with the requirements of the Utah Mined Land Reclamation Act of 1975, Title 40-8.

The Division is pleased to convey final approval to your operation under the conditions of the above mentioned letter.

Also, please keep in close touch with the Division on the actual disturbance versus the amount of the bond. We would at this time like to remind you of the requirement for supplying an Annual Operations and Progress report pursuant to Rule M-8(b).

We are looking forward to working with you in the future. Should you at any time require our assistance please feel free to call Thomas L. Portle of my staff.

Sincerely,

JAMES W. SMITH, JR.
